CAPSTONE PROJECT EXECUTION AND REPORT WRITING

WEEKLY PROJECT DIARY

Week No. : 1

Activities Planned :
  i.   Design review- Primary and detailed.
  ii. Front page and internal acknowledgement page of thesis design.

Activities Executed :
  i.   In the first module of first week we got the primary and detailed review of the project design.
  ii. The second and the last task we performed in this first week is the preparation of front page and internal acknowledgement page of the thesis design of project.

Reasons for delay (if any) : No
Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.
Remark and Signature of the Guide:

Week No. : 2

Activities Planned :
  i.   Additional system analysis and information gathering
  ii. Chapter 1 – Introduction – Topics: Basic introduction, similar software available,
       technical insight to the project - written.

Activities Executed :
  i.   We performed the additional system analysis of our Service Provision Management
       System and gathered information regarding to it.
  ii. In the chapter 1 of the thesis which is namely Introduction having topics like Basic
       introduction, similar software available, technical insight to the project are written in the
       thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and
GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 3

Activities Planned :
  i.   Review of flowcharts and algorithms of business systems
  ii.   Chapter 1 – Introduction – Topics: Why java, html and mysql? And software engineering process deployed - written.

Activities Executed :
  i.   At the beginning of the 3rd week we have to submit the project proposal of the project which we have selected and approved from the 3 projects proposed to our guide last week.
  ii.   The remaining topics of chapter 1(Introduction) like Why java, html and mysql? And software engineering process deployed are written in the thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 4

Activities Planned :
   i.   Screens formation – Registration, Provider profile creation, login screen, Home screen (service listing) and providers listing.
   ii.   Chapter 2 – Literature Review – Topics: Technical literature - written.

Activities Executed :
   i.   Half of the screens like registration screen, provider profile creation screen, login screen, home screen for service listing and provider listing screen is designed in this week.
   ii.   Technical literature which is the topic of chapter 2 namely literature review is written and described in the thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 5

Activities Planned :
  i.   Screens formation – work status, request, billing and admin.
  ii.   Chapter 2 – Literature Review – practical life related literature - written.

Activities Executed :
  i.   Remaining screens of the system like work status screen, request screen, billing screen and admin screen are designed and finalized in this week.
  ii.   The remaining topic of chapter 2 of literature review which is namely practical life related literature is prepared and written in thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 6

Activities Planned :
  i.   Database and table formation – Consumer database (tables: con_registration, con_login), Provider database (tables: pro_registration, pro_login, wages).
  ii. Chapter 3 – Methodology – proposed methodology – written.

Activities Executed :
  i.   Consumer database and their tables such as con_registration, con_login and Provider database and tables of the database namely pro_registration, pro_login, wages are created in this week.
  ii. Proposed methodology which is the topic of chapter 3 namely Methodology is written in this week.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 7

Activities Planned :
  i.   Database and table formation – Admin database (tables: admins, a_login, req_accepted, req_pending, req_completed, req_decline)
  ii.   Chapter 3 – Methodology – existing methodology – written.

Activities Executed :
  i.   Additional database namely Admin database along with its tables such as admins, a_login, req_accepted, req_pending, req_completed, req_decline are included.
  ii.   Information related to the topic of chapter 3 Methodology namely existing methodology is collected, processed and written in the thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 8

Activities Planned :
   i.   Transaction screen preparations – Provider Listing
   ii.   Chapter 4 – Screens, reports and databases – Partially written

Activities Executed :
   i.   Providing listing screen which is the part of transaction screen is prepared and designed in this week.
   ii.   Information regarding to the screens, reports and the databases which we have used and further likely to use are partially written in the chapter 4 of thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 9

Activities Planned :
   i.   Transaction screen preparations – Provider profile view, billing screen
  ii.   Chapter 6 – Overview – Application and scope - written.
 iii.   Project PPT Presentation Slides – 1, 2, 3, 4 – Homepage, Introduction, Similar Software, Literature Review – Preparation.

Activities Executed :
   i.   Another parts of transaction screens which are Provider profile view and billing screen are designed in this week.
  ii.   Information related to various applications and scopes of our system is collected and written in thesis in section of chapter 6 overview.
 iii.   Slides of PPT presentation like Homepage, Introduction, Similar Software and Literature Review are prepared in this week.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 10

Activities Planned :
i. Reports format planning – SPMS Users Report, SPMS Customer Report, SPMS Provider Report, Day wise Services report, Day wise Earning Report.
ii. Chapter 6 – Overview – Advantages and limitations - written.
iii. Project PPT Presentation Slides – 5, 6, 7 – Structure, Programming languages, Methodologies – Preparation.

Activities Executed :
i. Formats of reports like SPMS Users Report, SPMS Customer Report, SPMS Provider Report, Day wise Services report, Day wise Earning Report has been planned in this week.
ii. Advantages and limitations of the chapter 6 namely overview has written in the thesis.
iii. Slides of PPT presentation like Structure, Programming languages, Methodologies are prepared in this week.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 11

Activities Planned :
   i.   Connectivity code writing – Login – Consumer login – Provider, Registration – Admin, Admin – Consumer, Admin - Provider
  ii.   Chapter 7 – Conclusion – Topics: Result and Discussion – written.
 iii.   Project PPT Presentation Slides – 8, 9, 10 – Dataflow diagram, homepage and dataflow screens – Preparation.

Activities Executed :
   i.   Connectivity code for the Login – Consumer login – Provider, Registration – Admin, Admin – Consumer, Admin – Provider has been developed and written in this week.
  ii.   Topics of chapter 7 conclusion namely Result and Discussion has been written in thesis.
 iii.   Slides of PPT presentation like Dataflow diagram, homepage and dataflow screens are prepared in this week.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 12

Activities Planned :
  i.   Coding – Registration and login module.
 ii.   Chapter 7 – Conclusion – Topics: Summary and Conclusion- written.
iii.   Project PPT Presentation Slides – 11, 12, 13, 14 – Login screen, send request screen, request in provider sides, admin screen - Preparation.

Activities Executed :
  i.   Coding part of the registration and login module was scheduled and completed in this week.
 ii.   Summary and Conclusion of chapter 7 conclusion has been written in the thesis.
iii.   Slides of PPT presentation like Login screen, send request screen, request in provider sides, admin screen are prepared in this week

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 13

Activities Planned :
  i.   Coding – Consumer, provider and admin module.
  ii.   Chapter 5 – code – written.
  iii. Project PPT Presentation Slides – 15, 16, 17 – sample database, dataflow and applications – Preparation.

Activities Executed :
  i.   Coding part of the Consumer, provider and admin module was scheduled and completed in this week.
  ii.   Chapter 5 which is code section in which the code of the whole system has been completely written.
  iii. Slides of PPT presentation like sample database, dataflow and applications are prepared in this week

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 14

Activities Planned :
  i.   Compilation and Execution – Registration and login module
  ii.   Chapter 5 – code – written.
  iii. Project PPT Presentation Slides – 18, 19, 20, 21 – Scope, Advantages, Conclusion and Thank you – Preparation.

Activities Executed :
  i.   Compilation and the execution of the registration and login module was scheduled and completed at the end of this week.
  ii.   The remaining part of code section has been written in the thesis.
  iii. Slides of PPT presentation like Scope, Advantages, Conclusion and Thank you are prepared in this week

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 15

Activities Planned :
  i.   Testing, Validation and Verification – Transaction screen.
 ii.   Bibliography and references.
iii.   PPT presentation in front of class and guide.

Activities Executed :
  i.   Testing, validation and verification was planned and successfully done at the end of this week.
 ii.   Bibliography and references are included in the thesis in this week.
iii.   PPT presentation of our micro-project group was done in front of class and guide.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:

Week No. : 16

Activities Planned :
  i.   Executable project demonstration.
  ii.   Thesis edit carried out.

Activities Executed :
  i.   Demonstration of the executable project has been given to the mentor.
  ii.   Minor changes and editing got carried away on the thesis.

Reasons for delay (if any) : No

Corrective Measures Adopted: We preferred to meet virtually on applications like ZOOM and GOOGLE MEET than gathering at one place because of Corona Virus and Pandemic.

Remark and Signature of the Guide:
